Our top uniform buying tips...

We know that shopping for school uniform, sportswear and accessories can be difficult and often stressful. Now that the all-important time has come to get organised for the new school year, we want to make sure that you're prepared. Here are our top tips to make this year's uniform shop that little bit easier!

1.

Check the school's uniform list!

Make sure you've read through the school's full uniform list so you don't miss anything out!

2.

Buy nice and early!

Buying early is highly recommended to ensure you're well prepared in advance.

3.

If you need it, we've got it!

Get all you need from essentials to accessories in one shop.

4.

Name Labels are essential for avoiding lost uniform!

Items are bound to go missing in the classroom. Use Name Labels so you never lose your garments!

5.

Spend on quality that will outlast growth!

School uniform is worn and washed for over 180 days a year so buying great quality is essential.

6.

Leave some room to grow!

When choosing the best size for your school uniform, it's always a good idea to leave a little extra room for growth.
